Ingrid's Back!

Jasper Quickbuck, insider-dealing lord of Ridley's Manor, plots to steamroller the gnome-belt for yuppie housing.

To the gnomes' horror, accident-prone Ingrid Bottomlow, just escaped from her "holiday" in the wilderness, seems their only hope.

When immovable market forces meet the irresistible Ingrid, will there be a U-turn? Or will humour be the only winner?

Ingrid's Back is the first game to use the full power of Level 9's unique "racetracks", for the most lifelike gnomes ever. It has:

* **hand-drawn, hi-res pictures on most disc versions;**
* **advanced English parser, including go/run to, find, follow etc;**
* **true multi-character puzzles, requiring co-operation;**
* **ram save/restore and undo on most versions;**
* **up to 250,000 bytes of game text.**

Inside: detailed guide to playing Level 9 adventures, Ingrid's diary to set the scene, coupon for 1000 entry cluesheet, and full-colour poster.
